

## ultimail UAI120

The UAI120 meets all the requirements of a company ready to enjoy advanced control over its mail processing. Easy to use, the UAI120 automatically processes up to 120 pieces per minute with a crisp 600-dpi print quality. Experience bottom-line benefits immediately with its ability to track up to 50 departments, giving you instant access to where postage dollars are being spent. When integrated with optional scales and enhanced accounting the versatile UAI120 can become an independent shipping station, saving additional time and money.

The UAI120 offers a myriad of world-class enhancements. These advanced features not only make it easy to keep track of how much is spent on postage, but also provide further cost savings by making it possible to add advertisements or logos to the white space on the envelope. You can take advantage of this free advertising opportunity to reinforce key promotions or messages in a place where recipients are sure to notice. And for added professionalism and safety, UAI120 is EDCSA compliant, meeting all CPC standards for mail security.

## Key Advantages

**High-Tech Productivity** Designed for image, efficiency and maximum utilization, ultimail U-120 processes up to 120 pieces per minute. The 300 x 600 dpi print quality ensures a clarity of output that enhances the image of your business.

**Customer Friendly** Ergonomically designed to fit into any office environment. A combination of a soft-touch panel with an easy to understand LCD display virtually eliminates any learning curve for operators.

**World-Class Enhancements** Leveraging a state-of-the-art design, ultimail provides an information based indicia program (ECDSA) that delivers the highest level of security proposed by CPC. Up to nine customizable advertisements can be programmed to strengthen you're your company's brand awareness.

**Optimal Efficiency** The quiet design allows you to use the unit anywhere in your office without disturbing co-workers. Trend-setting features like automatic dating, auto re-dating, postage correction, automatic label dispenser and more set the ultimail apart from the competition.

Letter Feeder

Tape Feeder

Master Card

Integrated 5 Kg. Scale

**A card system, that meets every need.** ultimail offers superior security and the flexibility you need. The master-card can be used to activate all ultimail functions. Optional user-cards authorize the holder to frank only from pre-determined departmental accounts. New advertising images or postage rate tables can be loaded with special chip-cards.

## Put your message on your envelope.

Use your outgoing mail to advertise for you. The ultimail can store up to nine advertising images or messages that you design - and select as needed.

## Special Features

- ✓ Automatically prints up to 120 pieces per minute at 600-dpi
- ✓ Easy to understand LCD display panel
- ✓ Automatic dating and postage correction capabilities
- ✓ Programs up to 9 meter ads
- ✓ Incoming mail stamp
- ✓ Meets CPC requirements for ECDSA compatibility
- ✓ Data Capture
- ✓ Plug and play integrated 5kgs. scale
- ✓ Interfaced optional scales handle up to 65kgs.
- ✓ Interfaces with popular accounting software

What makes ultimail a star:  
Features for flexibility and efficiency.

**Integrated Scale** - A space-saving integrated 5-kg. scale precisely weighs every letter, automatically calculates the correct postage and sets the franking machine accordingly.

**Label dispenser**- Both for thick letters and small packages. Enter the number of labels needed, and let ultimail print and eject adhesive labels with postage.

**Feeder** - An automatic feeder separates and seals same-sized envelopes from a stack.

**Optional interface**- A second, supplementary interface enables you to connect the ultimail to a separate electronic letter scale up to 65 kg. capacity or a PC.

Connect **KARAT** postage accounting software to create and manage a central database of departmental accounts, mail data and postage costs.

## Perfect Service.

### First aid: First class.

An integrated software-based "Help" function offers easy-to-understand instruction in the display at the press of a button. The modem can be used to instantaneously diagnose errors and faults remotely, and your dealer's FP-service number is available to meet any other needs.
