

FP Letter Openers

Model **B400**

FP B400 auto-feed Letter Opener is a light to mid duty device, yet affordable. It is very user friendly, compact and easy to install and use. It is a slitting, NOT cutting opener, which significantly reduces the possibility of cutting the envelopes contents!

The automatic envelope feeder, allows continuous batch feeding, with a large feed tray and catch tray.

Save time and money, use the new FP B400 Automatic Letter Opener .

Francotyp-Postalia Canada Inc. is a subsidiary of Francotyp-Postalia AG and publicly traded in Germany.
